### MEN CHARGED WITH DRIVING CAR WHILE DRUNK, GIVE BAIL

Charged with operating a motor vehicle white under the influence of intexting liquor, Michael Solzano and Tony Pizzilo, both of Uniontown, were given hearings before Mayor C. C. Mitchell this morning. The men were arrested on the West Side after boing chased by Patrolman Shipley who had been informed they had spushed a been informed they had smashed a buggy of Henry Hinkle at Pennsville,

were fined \$25 which was paid. The officer testified that when he stood in the middle of the street on the West Side and attempted to stop the machine, it was driven by him. He gave chase in another car and stopped the fugitives at the foot of the West Side hill. He said both men were drunk. The prisoner's denied this, saying they had had only two drinks of wine each.

Following the dismissal of the case At city hall, both were taken before Alderman Fred Munk where information had been made by Mr. Hinkle. The case was held for court, the alderman saying he believed he had no jurisdiction in the case, inasmuch as the men were driving a machine while intoxicated. He said he felt that even though Mr. Hinkie might be satisfied to settle the case and withdraw the charge, he felt that he would neces-

Attack a Cold Immediately

Avoid Influenza---Grip---Pneumonia

Apply Vicks to help avoid infection. Use Vicks at the first sign of an oncoming cold.

> When you feel a cold coming on, go right ome. Take a laxative, Make some hot lemonade, then take a hot bath—as hot as you can stand. Stay in the tub 30 minutes, sipping slowly several glasses of the lemonade. Get into bed, with a hobwater bottle at your feet, and pile on blankets. After an hour's sweat, dry thoroughly with a rough towel, apply Vicks over throat and chest, rub in well until the skin is red, and then spread on thickly and cover with one or two thicknesses of hot flannel cloth. Get into bed again between dry sheets. Leave the bedelothing loose about the neck, like a funnel, so that the rising vapors may be freely inhaled It is an obstinate cold, indeed, that will resist such treatment. If it does, call a physician.

Acts Two Ways At Once

Vicks is of benefit in cold troubles in two ways. Ist-It is absorbed thru and stimulates the skin, thus helping to relieve the screness, loosen the phlegm and make the breathing less difficult. 2nd-At the same time the ingredients, released as vapors by the body heat, are taken with each breath directly into the congested, inflamed air passages.

A Vapor Lamp in Salve Form

Vicks is the discovery of Mr. L. Richardson, North Carolina druggist. He realized that cold troubles were affections of the respiratory organs and that the only way to get medication direct to these parts was in the form of vapors. Mr. Richardson finally worked out the process for making Vicks, so made that the body heat

releases the volatile ingredients in the form of vapors. Vicks really is "a vapor tamp in salve form."

The Ingredients of Vicks

Since the dawn of history mankind has been searching nature for remedies against cold troubles. The knowledge gained thru a thousand years has come down to us today. Vicks contains the best known remedies for these troubles, some of them of great antiquity. Menthel, for instance; comes from Oil of Peopermint which was grown in Egypt three thousand years ago and whose virtues are described in the old Ioslandic books of the 13th century.

The highest authority on drugs and their uses is the U. S. Dispensatory. We give below a few extracts from the Dispensatory on some of the ingredients in Vicks.

MENTHOL—"It is actively onti-bosterial. It is employed for its antiseptic and ancesthetic influence in corysa, pharyngitis and laryngitis."

CAMPHOR—"Has a peculiar and egrecule effect on the nucous membrane—relieves congestion and inflammation—is a powerful slimulant to the respiratory centers."

OIL. OF BUCALYPTUS—"Gennicidal, onliseptic and stimulant—largely used in chronic branchitis and infections of the upper respiratory tract—its vapors are very efficient."

OIL OF THYME—"This drug is a powerful antiscipic with wonderful healing properties, especially in congestion and catarrhal conditions of the nose and throat."

OIL OF TURPENTINE—"Its series are on excellent remedy for, and highly ben, coal in; earlies forms of branchial and lung travelles—has powerful healing, antiseptic properties."

### Adopt the DIRECT treatment for all cold-troubles

ABSORBED, like a liniment, and, at the same time, INHALED, as a vapor, Vicks reaches immediately the congested, inflamed air passages.

Took Nerv-Worth.

Semestimes it is a very small thing that leads to very large ones in the life of a person. It some one had not dropped the circular about Nerv-Worth into the automobile of this man he would very likely sith he suffering severely from stomach and bowel trouble, if indeed he had lived to long with such an ailment. Here is the story just as Mr. T. C. Bradshaw, of Franklown, Md., told it: "My stomach and bowels and digestive organs were in bad shape and I got but little sleep and no rest and so was all worn out in the mornings. My appetite was had and I bloated terribly with sas after every meal until I found a Nerv-Worth circular in my machine. I went to the mearest drug store and got a bottle at ence and before I had taken it half up had no return of the trouble." Many others have had almost given up hope of ever finding any relief.

Nost druggists have Nerv-Worth and actil it at one dollar a bottle on a guarantee of money back if you do not get necouraging results from the first holte. It is niways on sale in this city at the Connellsville Drug Co. It is especially flue for delicate, women and sickly differen. The taste is pleasant and the action while mild is unusually effective.—Advertisement.
